Hi!

Give the gift of something truly theirs
a keepsake that carries their name, their doodle, or their
words.

Each piece is hand finished and personalized with care,
to be loved for years to come - and sure to outlast most toys.

Add your child's name - or any special inscription - to
our iconic Iggy or Uma Chair.

You send us their name or an image you'd like to see
copied onto the chair, and we'll create a preview for
approval before painting the final piece.

Each personalization is done by hand in our New York
Studio, using natural pigments and finishes. It's a small
touch that turns a chair into a keepsake.

Each name or inscription is hand painted. We can replicate your child's handwriting or craft a clean, classic version. Protected with natural, child-safe oils and pigments, each piece is made to last.

Note the chair legs between the small and medium chair versions are compatible and can be purchased separately to scale up your chair in a couple of years.
