PEGGY'S SWEET & SAVORY

Peggy's is a tiny but mighty cafe on the main drag in Amenia. Fresh baked pastries, incredible pancakes and homemade salads are among our favorites on the menu. We also can't forget to mention that they serve Intelligentsia coffee for your morning caffeine fix.

FOUR BROTHERS PIZZA INN + DRIVE IN

The Greek-owned Four Brothers Pizza chain is beloved in this region, but ours has a DRIVE-IN! Launched in 2013, this outdoor theater books some exceptional new releases + even hosts premiers. It became a pandemic staple for safe socializing and remains one of our favorite things about our town.

THE LANTERN INN

We adore the Lantern Inn for its Neapolitan-style wood fired pizzas, selection of microbrews, natural wine selection + excellent vibes. It's family friendly, but it's also a great place to brush shoulders with the coolest farmers and artists in our corner of the HV. After all, who doesn't love great pizza?

WASSAIC PROJECT

When Wassaic Project opened in the next village over, it heralded a new generation of creativity. With artists in residence, open studios, talks and exhibitions, there's always something to do there. We collaborate with artistic director Will Hutnick on our exhibitions at Troutbeck.
